

A close-up, front-facing view of a Clone Trooper helmet. The helmet is primarily white with a prominent blue stripe running down the center. The top of the helmet is rounded and features the 'STAR WARS' logo in a bold, blue, sans-serif font. Below the logo, the words 'THE CLONE WARS' are written in a smaller, blue, sans-serif font. A white horizontal band across the middle of the helmet contains the text 'OFFICIAL HASBRO HANDBOOK' in a grey, sans-serif font. The helmet's visor area is dark blue and has a white, angular shape that resembles a stylized 'V' or a pair of eyes. The lighting is bright, creating highlights and shadows that emphasize the helmet's three-dimensional form.

Welcome to *The Clone Wars*™!

Star Wars takes on a dazzling new look in the first-ever animated feature from Lucasfilm Animation. The galaxy is consumed by the Clone Wars, pitting the evil Separatists and their droid armies against the Republic and its Jedi protectors. To gain an advantage in the escalating conflict, Jedi Knight Anakin Skywalker and his Padawan learner, Ahsoka Tano, are sent on a mission that brings them face-to-face with crime lord Jabba the Hutt. They're also being pursued by Count Dooku and his sinister agents – including the mysterious Asajj Ventress – who will stop at nothing to defeat the Jedi. Meanwhile, on the front lines, Obi-Wan Kenobi and Master Yoda lead the clone army in a valiant effort to resist the forces of the dark side...

STAR WARS: THE CLONE WARS

The galaxy-spanning adventures of the epic *Star Wars*® saga continue in *The Clone Wars*. Set between *Attack of the Clones* and *Revenge of the Sith*, the struggle between good and evil continues during the galaxy's most devastating conflict — the Clone Wars. Join Anakin Skywalker, Obi-Wan Kenobi and Jedi Master Yoda on the front lines of an action-packed contest between the noble Jedi and the evil Sith, as the fate of the *Star Wars* universe rests in their hands.

In theaters August 15!

Character Profiles

Ahsoka Tano 

Anakin's Padawan, Ahsoka, both amuses and exasperates her master with her plucky attitude and impertinent comments. She is tasked with keeping Jabba's son safe as she and Anakin try to escape their attackers.

Anakin Skywalker 

Anakin is sent to rescue the kidnapped son of Jabba the Hutt, an act that will not only save an innocent life, but also give the Republic free passage through the Hutt's systems. The headstrong Jedi Knight soon finds himself caught in a web of deceit and betrayal...

Battle Droid 

Battle droids are the perfect soldiers in battle – programmed to fight without hesitation, and deployed in vast numbers that overwhelm opponents. Individually, their limited cognitive ability makes them vulnerable when up against the quick-thinking Jedi.

Captain Rex 

Captain Rex accompanies Anakin Skywalker to the planet Teth to rescue Jabba's kidnapped son. Like all clone troopers, he never wavers in his commitment to a mission, even if he knows it could be his last.

Clone Commander Cody 

Leader of the 212th Attack Battalion, Cody accompanies Obi-Wan Kenobi to the Teth system to provide military reinforcements when Anakin's team comes under attack by battle droids.

Clone Pilot Odd Ball 

This experienced starfighter pilot is trained in flying V-19 Torrent starfighters, ARC-170 fighters and other standard Republic fighters.

Character Profiles

Clone Trooper 

Clone troopers put up an unrelenting defense against the hordes of battle droids that are pouring into the B'omarr monastery. The intrepid troopers are keeping the enemy at bay so that Anakin and Ahsoka can rescue Jabba's kidnapped son.

General Grievous 

General Grievous is a brilliant strategist who has honed the droid army into a terrifyingly efficient fighting force. Part living matter and part machine, Grievous relishes any opportunity that allows him to duel with – and defeat – a Jedi.

Obi-Wan Kenobi 

Obi-Wan learns that Anakin and his team have found Jabba's son and are under attack by Separatist forces. He races to join them on the remote planet Teth, bringing much-needed reinforcements.

R2-D2 

When Anakin and Ahsoka are surrounded by battle droids and hunted by the vengeful Asajj Ventress, the feisty astromech droid locates a backdoor landing platform that may help them escape from their enemies.

Super Battle Droid 

A super battle droid is harder to destroy than its more vulnerable predecessor. Once unleashed on a target, it will not cease advancing and firing its weapons until the object of its attack has been eliminated.

Yoda 

While overseeing the rescue of Jabba's kidnapped son, this venerable Jedi Master is faced with his own challenge – leading the clone troopers under his command into another grueling battle against the vast droid army.
